Dear teachers and parents:

Piano, Level 1 provides essential review of basic information presented in **Piano, Primer Level**, and presents important new information for the student. The learning sequence is carefully graded to assure steady progress, while the full-color illustrations entertain and reinforce along the way. The selection of pieces includes original works as well as familiar folk songs and pop styles in creative, enjoyable arrangements.

The companion books—**Theory** and **Performance**—are coordinated page-by-page (see *Contents*) to provide thorough reinforcement of basic concepts. The **Bastien Music Flashcards** may be assigned for extra drill in learning notes, key signatures, music signs, and terms. The **Bastien Music Notebook**, an assignment book, may be used throughout the series.

BASTIEN PLANO BASICS is a method designed for achievement and success. We offer you our best wishes for the rich rewards music can bring to each child's life.
