“A DOSE DO DIA”

Muitas pessoas fazem exercícios todas as manhãs antes de sair para o serviço.

Da mesma forma, devemos exercitar nossos dedos todos os dias antes de iniciar a aula de piano.

O objetivo deste livro é auxiliar o desenvolvimento de mãos fortes e dedos flexíveis.

Não queira tentar aprender os primeiros doze exercícios de uma vez; estude apenas dois ou três exercícios e pratique-os todos os dias antes de começar a sua aula de piano. Quando esses movimentos estiverem bem dominados, passe para o próximo e assim por diante, até conseguir fazer os doze exercícios com perfeição.

Quando a primeira dúzia, ou o GRUPO I, estiver assimilado e sendo praticado com perfeição, o GRUPO II poderá ser iniciado, seguindo a mesma conduta.

Quando o método inteiro estiver concluído, quaisquer dos GRUPOS poderão ser transpostos para outras tonalidades. Aliás este é um procedimento que aconselhamos.
